

Home to Pro Upgrade

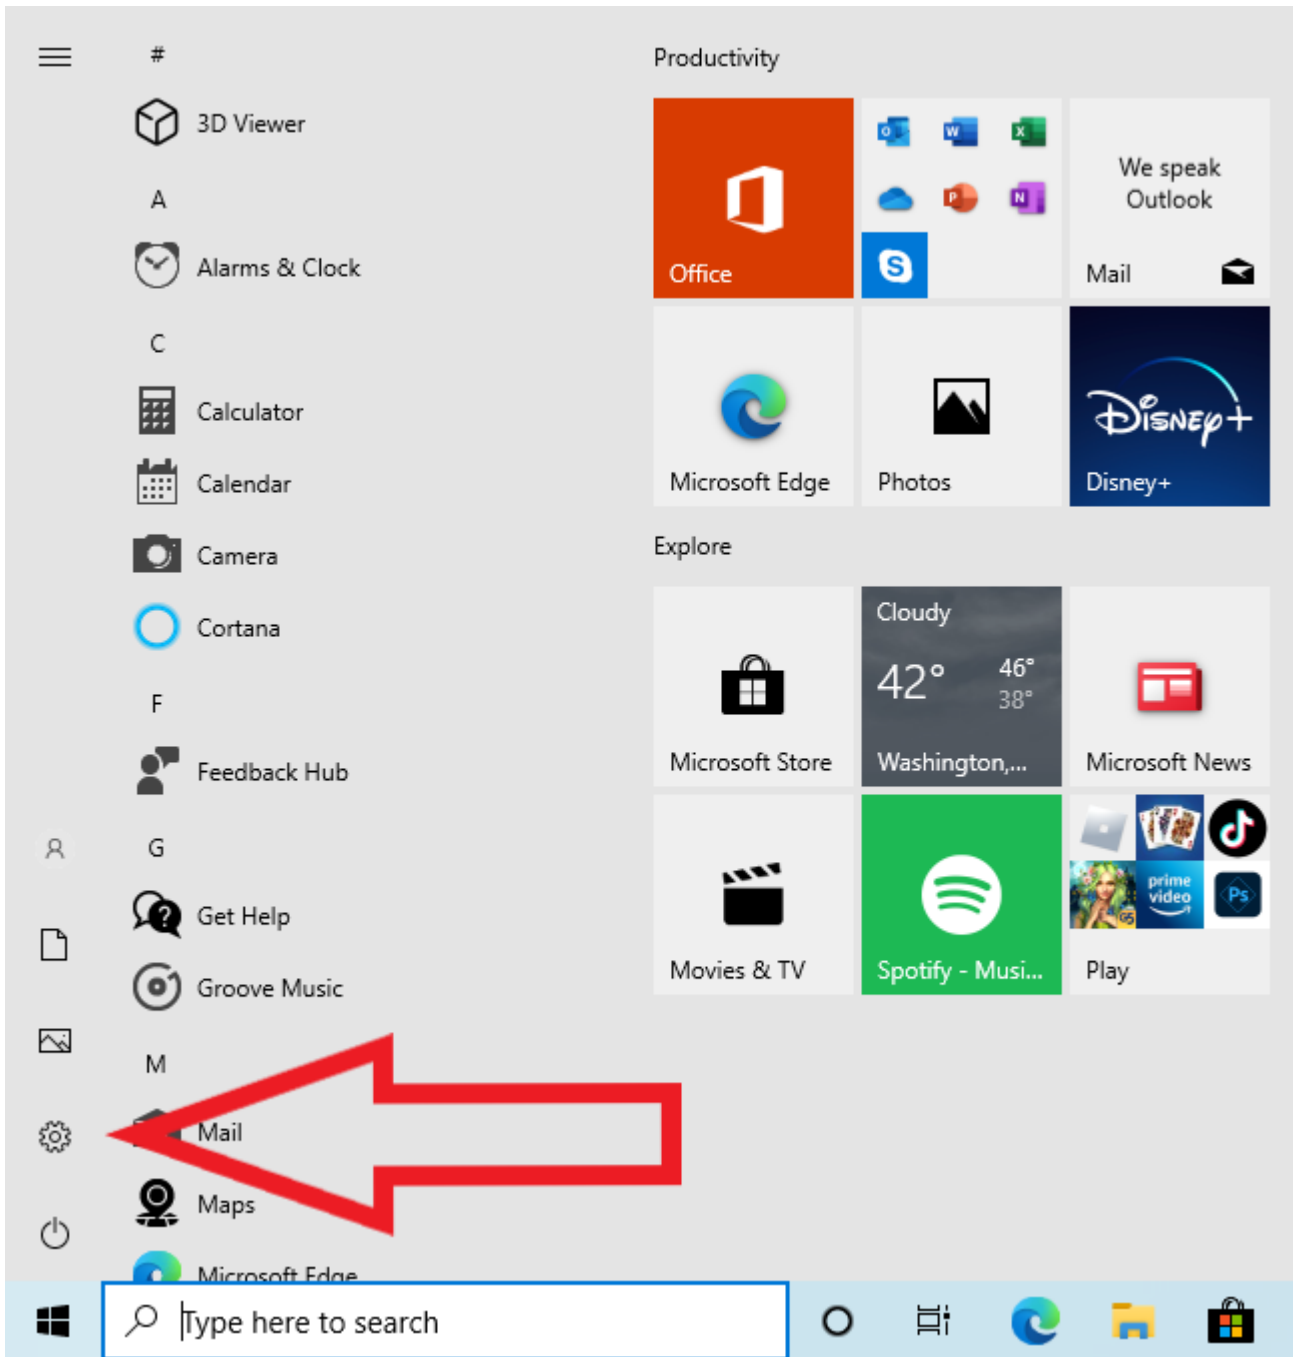

Home to Pro Upgrade

In this tutorial, we will show you how to perform an upgrade from Windows 10 Home to Windows 10 Pro.

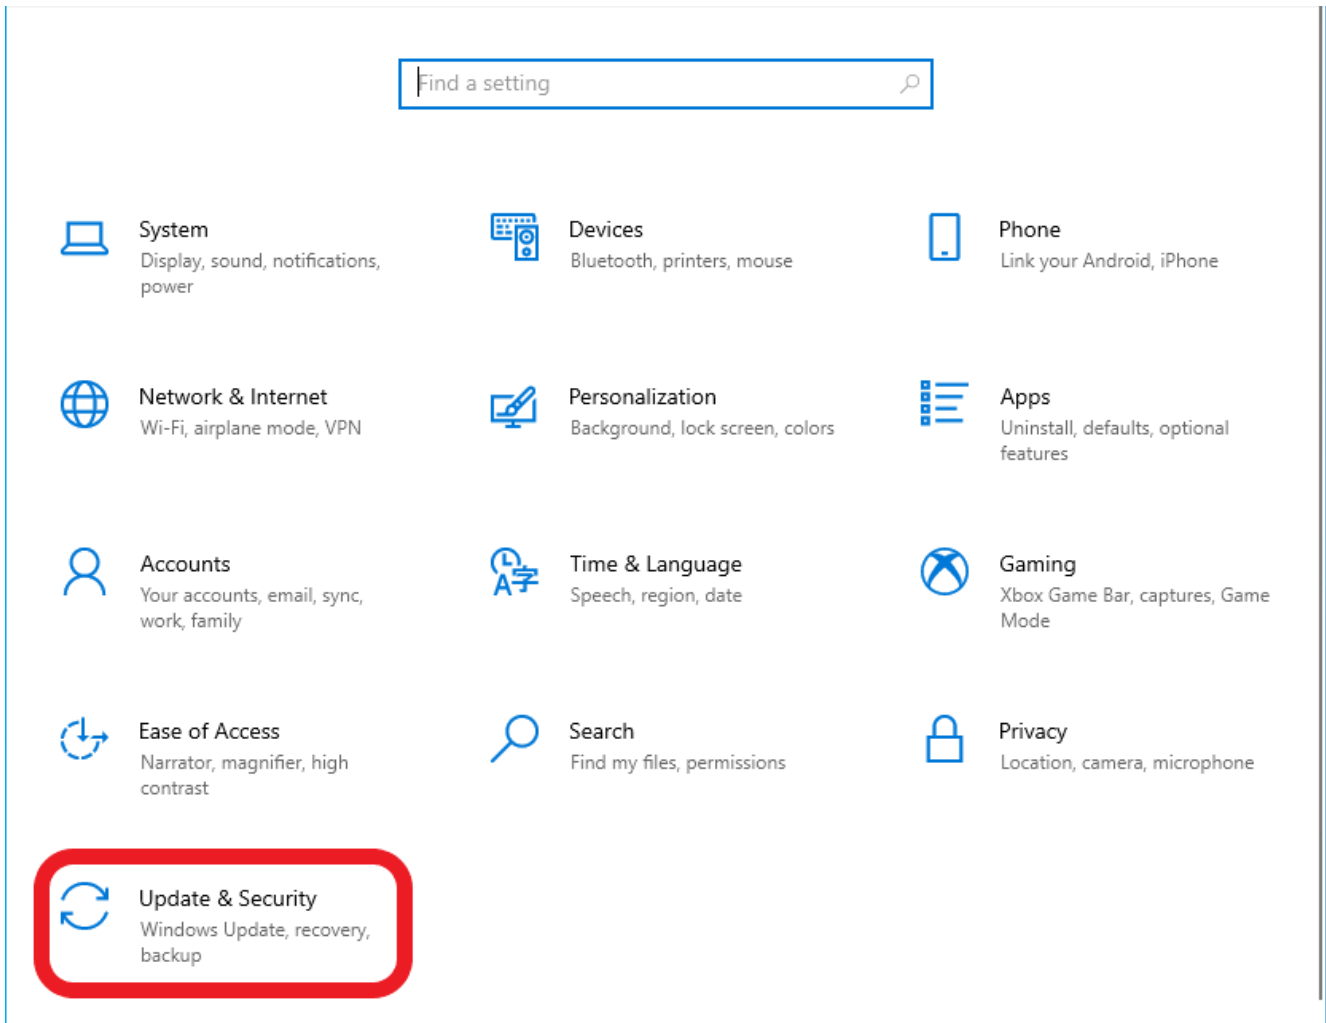

To do this you will need:

- A PC that has Windows 10 Home

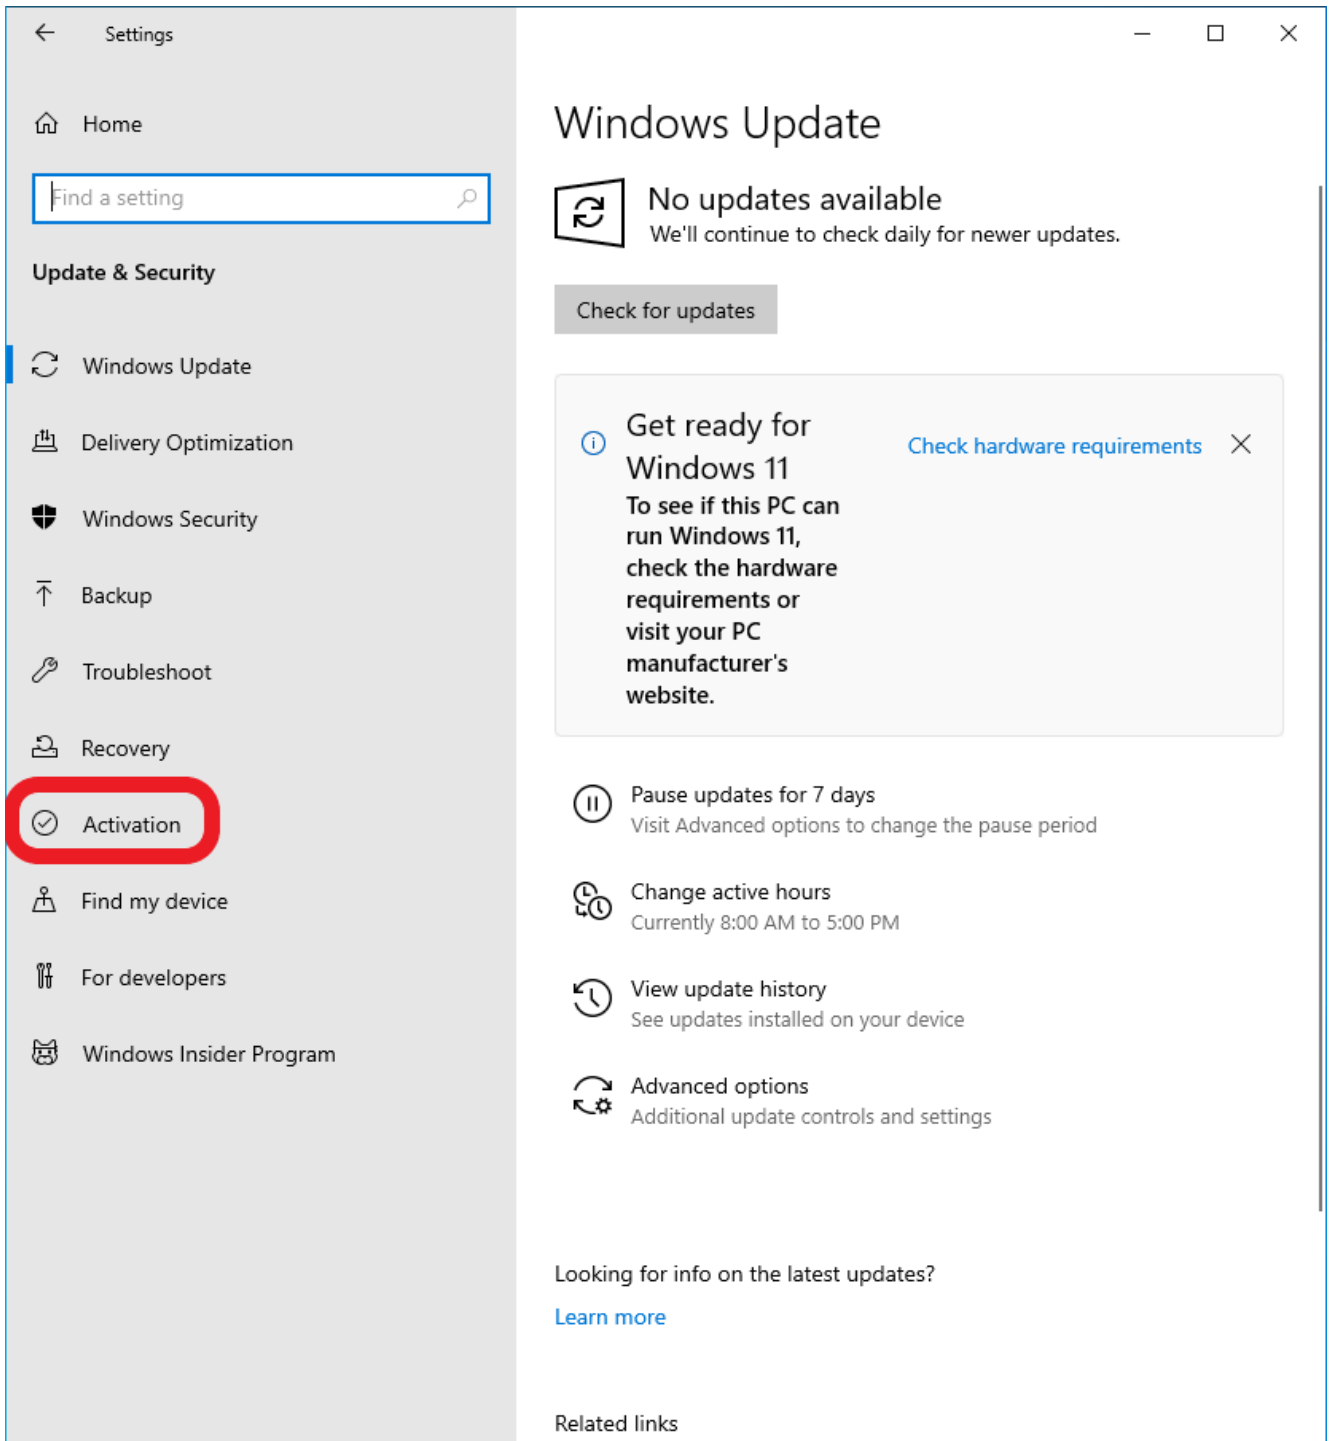

1. Go to your computer Settings

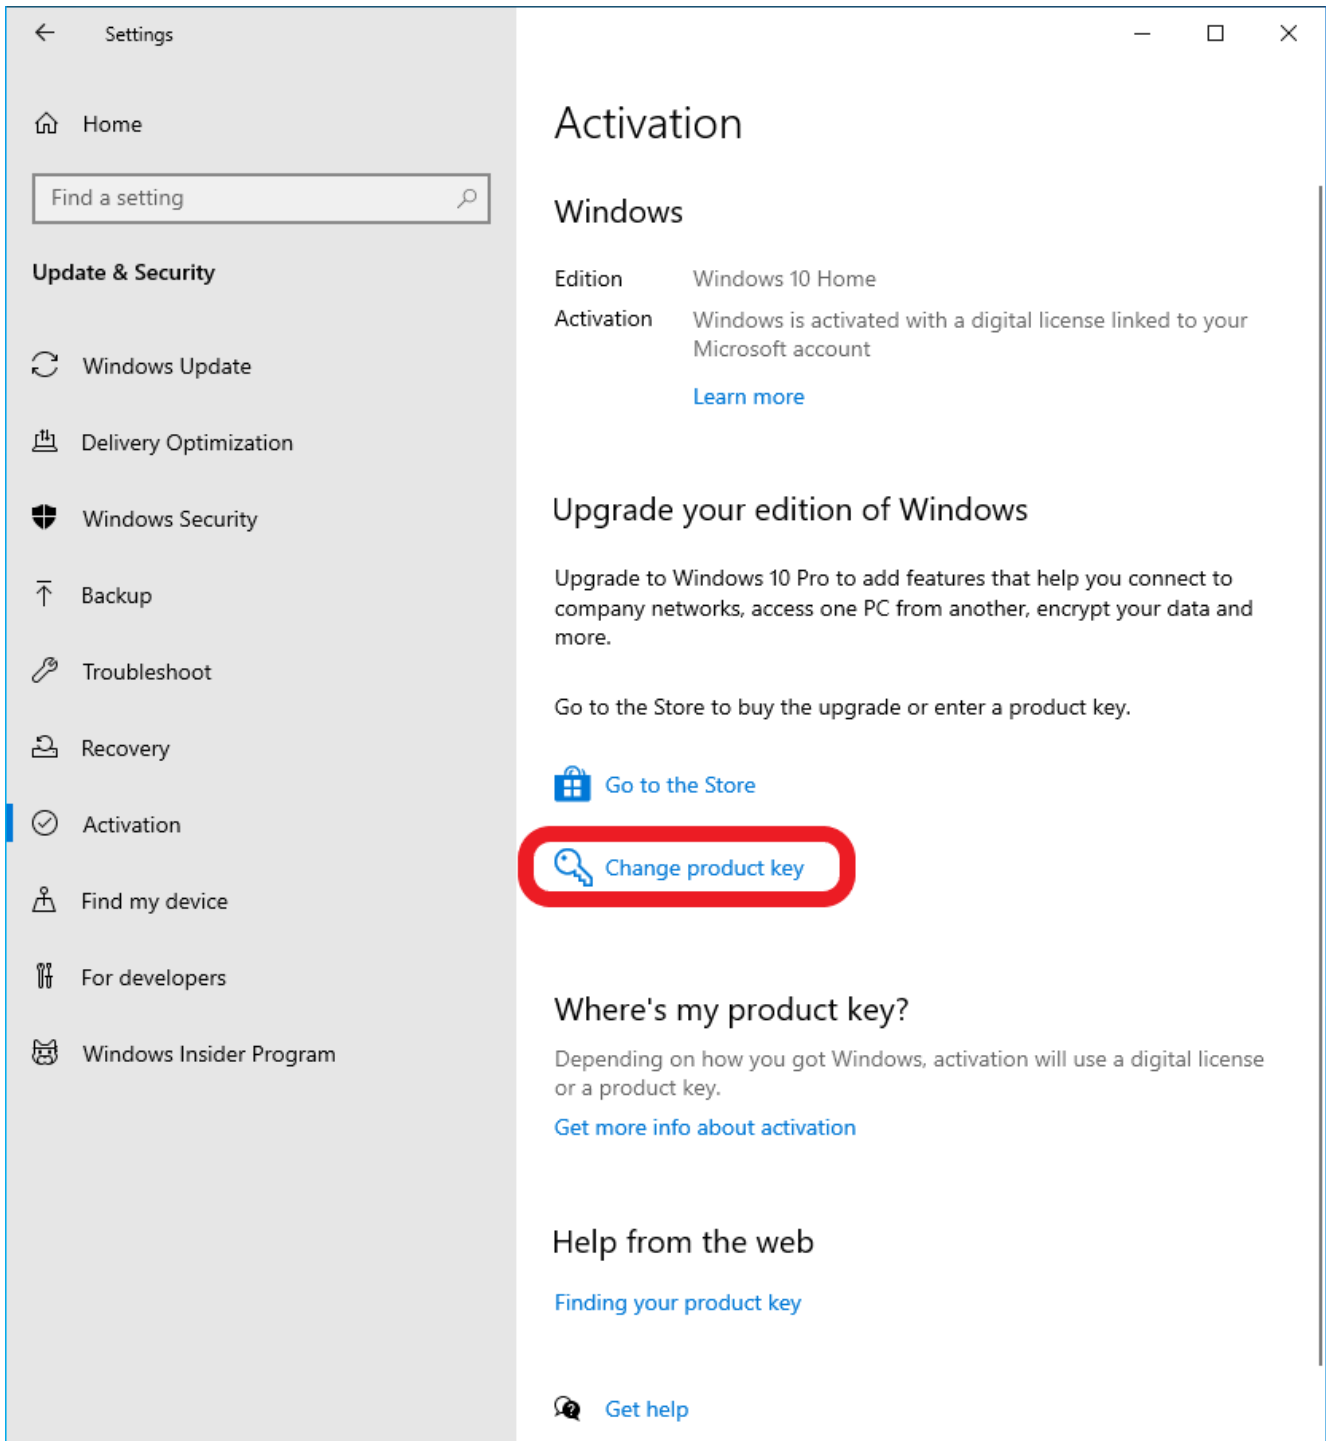

2. Click on Update & Security

3. Click on Activation

4. Click on Change Product key

5. Enter a Product key and click on Next – if you don't have a key, get one here: shop.recycled-software.com/product/windows-10-pro

Enter a product key

Enter a product key

Your product key should be in an email from whoever sold or distributed Windows to you, or on the box the Windows DVD or USB came in.

Product key

XXXXXX-XXXXXX-XXXXXX-XXXXXX-XXXXXX

Next Cancel

6. Click on Start

Upgrade your edition of Windows

Upgrade your edition of Windows

Upgrading your edition will add new features to Windows. Before you start, make sure to save your work and close any apps.

The upgrade might take a while and this device will restart. You won't be able to use this device until it's done.

To activate with this product key after upgrading your edition of Windows, this device will need to connect to your organization's activation service.

Start Cancel

7. It might take several minutes to complete

Preparing for upgrade

Preparing for upgrade

This might take a while. Don't turn off your PC.

0% complete

8. All set!
